You will find herein many answers concerning the GBC Rex-O-graph modern duplicating system, manufactured and distributed throughout the free world. You and other members of your staff will discover many worthwhile and stimulating ideas as well as specific programs for improving your literature.

GBC Rex-O-graph trademarks have come to be synonymous with the ultimate in quality, engineering, and service. GBC Rex-O-graph manufacturing methods, centralized purchasing efficiency, and trained personnel guarantees pre-eminence in this field.

Here, in capsule form, are the outstanding features of Rex-O-graph.

A. Outstanding Rex-O-graph Duplicating Features:

1. Exclusive multiple-roller moistening system (similar to that found on a high speed printing press) guarantees:
 - a. Instant start - there is no make-ready, no pumping or priming or waiting for wick to saturate. One turn of the handle and machine is ready to print.
 - b. Will reproduce on mimeograph paper, newsprint, tissue, any weight or type of stock.
 - c. There is no wick on the Rex-O-graph to be cleaned or replaced.
 - d. You get brighter, sharper and clearer, more uniform copies every time.
2. Reproduction of up to 500 copies from one to 5 colors from one writing, typing or drawing.
3. The Rex-O-graph never has to be cleaned in order to get clean copy.
4. Reclaims all fluid not used and consequently uses only half the fluid required by competitive makes.

5. Guarantees hairline registration on all models.
6. All Rex-O-graph machines are the simplest, most practical, most foolproof of any duplicating equipment anywhere - are definitely preferred by the actual operators - give the longest, most satisfactory service with the least maintenance.

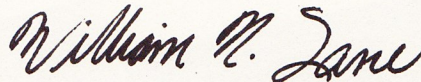

We would welcome your request to test our equipment on your own work, with your own personnel, on your own premises, and prove its adaptation to your own special needs. We are able to make this offer because thousands of enthusiastic GBC Rex-O-graph customers have proved beyond any doubt that all GBC Rex-O-graph machines can be operated expertly by anybody, with no special training whatsoever. They consistently outperform anything in their field and have done so for years.

The factory branches listed on our letterhead and over 300 dealers are fully staffed and equipped to offer you immediate service on all types of GBC Rex-O-graph machines, masters, copy paper, duplicating fluid. Trained personnel is available to render all possible assistance and instruction in all duplicating techniques and applications.

Whether you are presenting ideas or products, tangibles or intangibles, it is of tremendous importance to you to guarantee maximum attention and action for your message. Let the modern GBC Rex-O-graph Duplicating System assist you...immediately!

Very truly yours,

Net Weight.....76 lbs.
Shipping Weight.....85 lbs.

Crest-O-Matic

*A low cost, high speed machine
designed for lifetime service and
maintenance free operation.*

Here is an easy to operate production duplicator that never has to be cleaned in order to get bright, sharp copy. A touch of the finger and the CREST-O-MATIC is ready to print—the exclusive Rex-O-graph roller moistener principle insures immediate fluid distribution—eliminates paper waste as well as fluid evaporation. Produce up to 500 copies of 1 to 5 colors in one operation of anything handwritten, typewritten or drawn.

Simple controls give you "one second copy," hairline registration, and quality reproduction. Ingenious master clamp makes it simple to snap master sheet on machine. A flick of the finger and you can raise or lower the image on the paper.

Rex-O-graph positive paper feed insures one copy at a time . . . will handle any weight stock, even 7 lb. tissue stock. Duplicate copy 9" wide to 17" long.

The new Rex-O-graph Model CET—"CREST-O-MATIC" is the easiest, fastest, most economical way to make copies . . . truly a valuable tool of instant communication in any progressive organization.

Offers You All

These Outstanding Features

REX-O-GRAPH

Supplies

**QUALITY
QUANTITY**

Reproduction

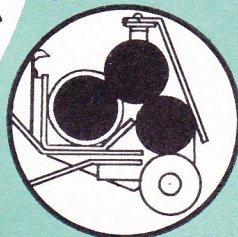

REX-O-GRAPH supplies assure better operation of your spirit duplicator regardless of make or model. All supplies are manufactured to rigid specifications specifically for duplicator use. You will find with REX-O-GRAPH supplies you will get clean sharp copies, consistent high quality reproduction and longer runs. Your equipment will keep clean, operate at peak efficiency and require less service. Check over your duplicator supplies now!

GEBICO SYSTEM

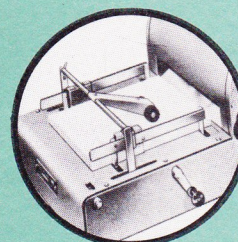

Binding Equipment	Plastic Ring Binding
Metal-Ring Loose-Leaf Binding	Covers
<i>Rex-O-Graph Spirit Duplicators</i>	
<i>Rex-O-Graph Duplicator Supplies</i>	

Equipment and supplies to handle everything
"from the written word to the bound book."

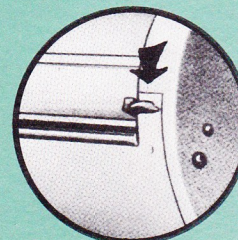

**EXCLUSIVE ROLLER
MOISTENER**

Multiple rollers distribute fluid evenly, quickly. Automatic flow produces proper amount of fluid coverage immediately from first to last copy.

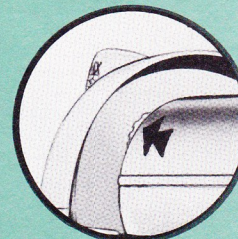

**AUTOMATIC PAPER
CENTERING**

Another GBC REX-O-GRAPH exclusive! Ingenious hand crank simultaneously moves paper side guides to automatically center paper on feed table from post card size to a 9" width.

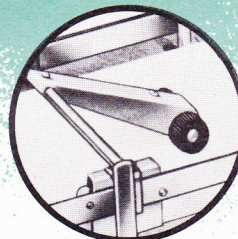

**"QUICK CHANGE"
MASTER CLAMP**

Push control handle forward to engage clamp opener for quick change of the master sheet. Calibrations on clamp correspond with guide on paper feed table to insure proper positioning of paper and master sheet.

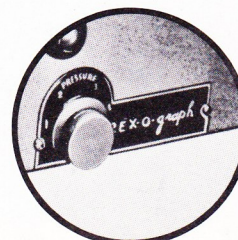

**CONTROLLED COPY
POSITIONING**

New finger tip raising and lowering device insures positive control of copy. Precision ball-bearing gear drive of the "CREST-O-MATIC" guarantees accurate image registration on every sheet.

**POSITIVE PAPER
FEED**

Simple friction feed pushes each sheet into machine without slipping or twisting—one sheet at a time! Will handle any weight stock including light weight tissue stock.

COPY BRILLIANCE CONTROL

Accurate pressure control gauge guarantees equal brilliance of each copy. Pressure is increased as per number of copies run. A three digit automatic counter helps determine count to set pressure control.

Introducing

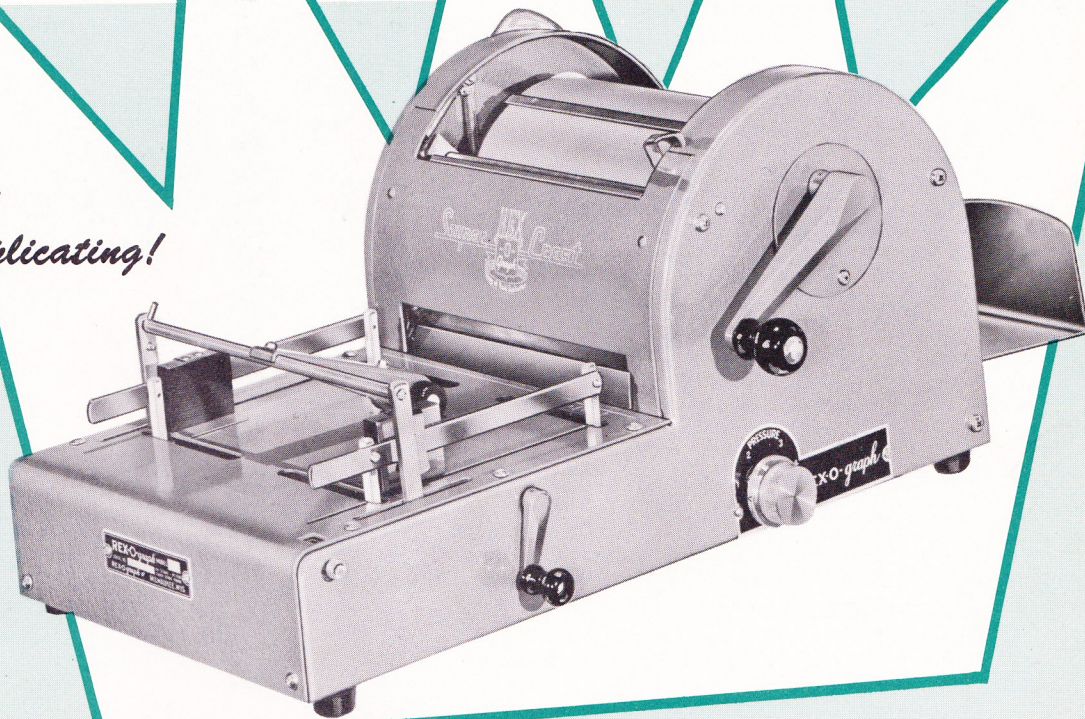

the

NEW REX-O-GRAPH MODEL-CR

"Super-Crest"
SPIRIT DUPLICATOR

*A new concept in
modern spirit duplicating!*

At last—a spirit
duplicator designed for
trouble-FREE operation,
quality reproduction,
lifetime service . . .
all at a new low cost!

COMPLETELY
New

**Streamlined MODEL-CR features . . . precision engineering . . .
handsome, compact design . . . rugged, durable construction
. . . for smooth maintenance and trouble-free performance**

The MODEL-CR "SUPER-CREST" opens new horizons in printed reproduction and graphic communication. The many outstanding features of the new "SUPER-CREST" makes it easy for any one to produce sharp, brilliant copies quickly and economically. A turn of the handle and the MODEL-CR is ready to print—the exclusive REX-O-GRAPH roller moistener principle insures immediate fluid distribution—eliminates paper waste. A positive pressure control guarantees as bright a last

copy (350 or more) as the first copy run! Exclusive automatic paper centering device reduces "set up time." Anyone can operate. No training period necessary. Simple controls guarantee quality reproduction. The new REX-O-GRAPH MODEL-CR "SUPER CREST"—is truly the greatest simplification in spirit duplicating in 25 years. Here is efficiency and economy in one machine—the NEW "SUPER-CREST."

PRICE LIST FOR GBC REX-O-GRAPH DUPLICATING SUPPLIES AND ACCESSORIES

GBC REX-O-GRAPH MASTER UNITS

A two piece "welded" style of Master Unit that combines the best grade of enameled white paper stock with the finest quality, maximum strength carbon paper available. Each unit is engineered to give you top performance in *brilliance* - *cleanliness* - *intensity*. GBC REX-o-graph Master Units are designed and formulated to rigid GBC specifications insuring quality reproduction every time. GBC Rex-o-graph Master Units are packed 100 sets per box. Standard sizes are 8½"x11" and 8½"x14", however, any special size Master Unit can be made to your requirement.

REX-REGAL C-300 (Clear Coated, LONG RUN)
Our best master unit. Superior quality, full strength carbon with excellent protective coating. Guarantees brighter and cleaner copies and longer runs. Available in purple, red, blue, green and black. Sizes - 8½"x11" and 8½"x14".

REX-REGAL U-300 (Uncoated, LONG RUN)
Purple only. Identical in quality and strength as the C-300 except carbon is uncoated. Available in 8½"x11" and 8½"x14".

REX-KLEEN C-200 (Clear Coated, MEDIUM RUN)
Purple only - the most popular type of master unit. Provides extra cleanliness and protection. Produces a blue-purple copy of clear, clean brilliance. Available in 8½"x11" and 8½"x14".

REX-ROYAL C-150 (Clear Coated, SHORT RUN)
Purple only - a highly developed Master Unit for sharp, intense copy where quantity is not essential. Produces 150 copies. Available in 8½"x11" and 8½"x14".

REX-ROYAL U-150 (Uncoated - SHORT RUN)
Purple only - same in specifications and quality as the C-150 except carbon is not coated. An Economy unit. Available in 8½"x11" and 8½"x14" size.

GBC REX-O-GRAPH SPIRIT CARBON SHEETS

A highly developed, chemically formulated sheet coated with aniline dye to give the right amount of ink deposit on the master sheet. Extra half inch of clean edge along one side makes this carbon sheet easy to handle. Sheet sizes are 9"x11" (letter) and 9"x14" (legal). Clean edge carbon sheets are available in the following types:

REX-REGAL SC-300, Clear Coated, LONG RUN
REX-REGAL SU-300, Uncoated, LONG RUN
REX-ROYAL SC-150, Clear Coated, SHORT RUN
REX-ROYAL SU-150, Uncoated, SHORT RUN
All types are packed 100 sheets to a box. This carbon is identical to carbon sheets used in our MASTER UNITS.

GBC REX-O-MASTER PAPER

A carefully selected, enameled white stock specially designed to take the deposit of spirit carbon ink without smearing or absorption. Available in letter and legal size. Always use GBC Rex-o-graph Master Papers and Spirit Carbon Sheets for coordinated, high quality reproduction.

GBC REX-O-GRAPH COPY PAPER

A pure, smooth, opaque sulphite sheet formulated to give a maximum number of bright, sharp copies from every type of spirit master. Strength, durability and permanence are insured by laboratory control. Minimum absorption of fluid eliminates distortion of copy and guarantees clean reproduction. Additions and erasures may be easily made without smudging. GBC Rex-o-graph Copy Paper is available in two sizes, 8½" x 11" and 8½" x 14", and in three weights, 16#, 20# and 24#. The following colors are available in 20# only: Pink, Blue, Buff, Green, Goldenrod and Canary. GBC Rex-o-graph paper is now packed in a new distinctive moisture proof wrap. Contact your local GBC Rex-o-graph Sales and Service Office for current prices.

GBC REX-O-GRAPH FORMS AND SYSTEMS SERVICE

Communications and Controls are the watchwords today of all progressive organizations. Executives in every form of endeavor are vitally interested in the reduction of paperwork, better communications and up-to-date control information. The GBC Rex-o-graph method of duplication gives you these functions simply and inexpensively in a one-writing system. Any number of copies can be produced instantly and accurately with no retyping or rewriting – eliminating human error. GBC Rex-o-graph maintains a nationwide organization of experts specializing in the development and installation of communications and control systems for all functions of modern business. This broad experience is available to you at no cost to design systems for: Order – Invoice; Shipping – Billing; Purchasing – Receiving; Inventory-Production Control; Sales Analysis; Payroll and many others. Call or write your local GBC Rex-o-graph Sales Office for free Systems Consultant service.

GBC REX-O-GRAPH WORKBOOKS

A series of pre-printed masters bound in book form. Perforated for easy removal of each unit. Ideal for classroom work and as a teaching aid. Workbooks available in complete range of subjects for every age, grade level and classification from pre-kindergarten to higher grades such as: WORD STUDIES, SOCIAL STUDIES, NATURE STUDIES, HEALTH and SAFETY, PHONICS, LANGUAGE, ARITHMETIC, SCIENCE and ART. Write for detailed list. Price per book \$3.25.

GBC REX-O-GRAPH BACKING SHEETS

Crystal clear plastic sheet gives finer line quality when used as backing while writing or typing on GBC REX-O-GRAPH MASTER UNITS. Should always be used for best results.

Product Number	Size	Price
36-1021	Letter	\$1.00 per sheet
36-1276	Legal	1.25 per sheet

GBC REX-O-GRAPH BLOCK-OUT SHEETS

Linen finish, coated cloth with metal edge riveted on 8½" side. Metal edge fits firmly and positively into block-out slot on drum of specially equipped GBC Rex-o-graph machines. Cloth is strong and flexible yet is easy to cut without tearing or fraying the edges. Sizes other than letter and legal available on request.

Product Number	Size	Price
36-2663	Letter	\$1.00 per sheet
36-2664	Legal	1.25 per sheet

GBC REX-O-GRAPH CORRECTION PENCILS

REX-RASER – soft, non-abrasive rubber pencil type eraser permits complete removal of image on master. Leaves clean, smooth edge erasures.

Product Number	Price Each	Price per Dozen
36-1018	\$.25	\$2.25

GBC REX-O-GRAPH CORRECTION PLATE

Highly polished steel plate, 2" x 5", provides firm smooth surface when making erasures on master.

Product Number	18-1019	Price Each \$.75
