

THREE NEW SYSTEMS DUPLICATORS FROM DITTO®

and all 3 are sit-down models!

GOOD NEWS FOR THE BOSS

AND...
TOO MANY OPERATORS,
TOO MANY BOSS

...less fatigue... more production!

...less fatigue... more production!
Lafers, be seated! Gentlemen, behold! New DITTO sit-down models put more comfort, more speed into systems work. Operators can now speed up production, handle bigger loads—with far less fatigue, less chance of error, less waste through fewer spoiled forms. Foot pedal controls free both hands for faster, more accurate handling of paper forms. These new DITTO systems duplicators make everybody happier, more productive—operators, supervisors, management.

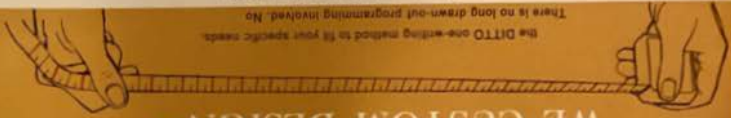

new systems features... greater systems speed!

New DITTO systems duplicators are designed for today's more exacting requirements. Outstanding features include: tailored stand height for posture-perfect position; foot pedal controls for starting and stopping the drum, opening and closing the master clamp; adjustable receiving tray for easy viewing of finished copy; "no pour" diesel fuel supply for minimum handling, no spilling, no waste (fuel fed from original container); eye-view liquid gauge for easier viewing; quiet operation for less fatigue, less distraction to others in office; Magic Copy Control for uniform brightness of copy.

Other advantageous systems features: positive registration for exact placement of copy data; magnetic blockout for split-second addition or removal of certain data; exclusive "Velvet Clutch" for silent, smooth stops; outstanding DITTO workmanship for years of smooth, trouble-free service.

WE CUSTOM DESIGN

The DITTO one-writing method is fit your specific needs. There is no long drawn-out programming involved. No costly equipment. No cost whatever to you.

NEW DITTO 1020 SYSTEMS DUPLICATOR. Unsurpassed for order-billing, production control and other high volume systems work. Handles forms from 3" x 5" to 18" x 14". Includes adjustable stand, adjustable foot pedal controls, conveyor receiving tray, interlock pressure and motor controls, no mess fluid supply, mounted master clamp, positive registration, selective fluid distribution, precision control gauges.

NEW DITTO 1020 SYSTEMS DUPLICATOR. Outstanding for general production work. Handles forms from 3" x 5" to 18" x 14". Includes adjustable foot pedal controls, up-plate receiving tray, mounted master clamp, positive registration, selective fluid distribution, precision control gauges.

FAST! FLEXIBLE! VERSATILE! ADAPTABLE!

New DITTO systems duplicators turn out up to 120 sharp, clean copies a minute of anything you type, write, draw or trace on DITTO brand masters. No stencils or mats to slow you down.

New DITTO systems duplicators take any size of paper or card stock from 3" x 5" to 18" x 14". Provide new facility and flexibility in duplicating wide forms: financial statements, inventory forms, etc.

New DITTO systems duplicators print 1 to 5 colors in one operation. No ink changing. No color registration problems. No mess. DITTO brand masters produce more than 300 perfect copies from your original.

New DITTO systems duplicators—and the famous DITTO one-writing method—may be used in any department of your business: order-billing, pay roll, inventory control, purchase-receiving, etc.

choose the DITTO® systems duplicator that best suits your needs!
